The NLSIU Alumni Association

(Constituted as a public charitable trust vide Trust Deed dated June 12, 2015)

Principal office: Office of Alumni Services, National Law School of India University,
Gnana Bharathi Main Road, Opp. NAAC, Teachers Colony, Nagarbhavi, Bengaluru 560072

**Statement by NLSIU Alumni Community Condemning Excesses Against Peaceful Protestors and
Denial of Access to Legal Aid**

We, the Alumni Association of the National Law School of India University, hereby condemn the events and arbitrary, illegal, and unconstitutional police action taken against peaceful protestors across the country on 10 October 2026. We also condemn the utterly unjustified and illegal denial of basic constitutional and legal rights available to these protestors.

The right to protest and to associate with others in protest are both rights guaranteed under Article 19(1) of the Constitution subject to “reasonable restrictions” in public interest. The state cannot arbitrarily detain – even during an Emergency – those who are exercising these rights in the manner seen today when over 10,000 people have reportedly been detained across the country. The right to legal aid and access to justice is also a Fundamental Right under Article 21 of the Constitution and it is the obligation of lawyers to assist those facing detention.

We are deeply disturbed by the use of force against lawyers peacefully protesting near the Supreme Court area and instances of lawyers being prevented from accessing detention centres. We are particularly perturbed by the detention and physical manhandling of Mr Shadan Farasat, Senior Advocate and an alumnus of NLSIU (Batch of 2006). What is particularly distressing about his detention is that he was detained while rushing to prevent the illegal detention of a peaceful protestor. We emphasize that the legal framework of this country will break down if lawyers are prevented from aiding citizens in the exercise of their Fundamental Rights. At the same time, we are concerned that if a Senior Advocate can be subject to arbitrary police action, what hope from the law can an ordinary citizen have?

We urge that an impartial inquiry be held to investigate instances of excessive use of force against civilians and lawyers, denial of access to justice, and the general lack of proportionality in official and police action in handling the protests.
