**COMMON ORDER**

\*\*\*\*\*

[Common Order of the Court was made by **T.S.SIVAGNANAM, J.**]

Heard Ms.R.Hemalatha, learned counsel for the petitioner in these Writ Petitions, Mrs.L.Victoria Gowry, learned Assistant Solicitor General of India, appearing for the Central Government, Mr.R.Baskaran, learned Standing Counsel for Government, appearing for the State and Mr.S.Bageerathan, learned Standing Counsel appearing for the Airports Authority of India.

2.W.P.(MD) No.8960 of 2021 has been filed seeking for a direction upon the respondents to take effective steps for declaring the Madurai Airport as an International Airport in terms of the Petitioner's representation dated 08.04.2021. W.P.(MD) No.8961 of 2021 has been filed seeking for a direction upon the respondents to take necessary steps regarding the expansion of runway in Madurai Airport by considering the Petitioner's representation dated 09.04.2021. W.P.(MD) No.8964 of 2021 has been filed seeking for a direction upon the respondents to take necessary steps for setting up adequate infrastructure with reference to a permanent Plant Quarantine facility and cold storage as set forth by the Petitioner vide its representation dated 08.04.2021.

*W.P.(MD)Nos.8960, 8961 and 8964 of 2021*

3. There are three aspects remain for consideration in this matter. Firstly, the relief sought for is to declare Madurai Airport as an International Airport and the Secretary, Ministry of Civil Aviation, New Delhi has filed a counter affidavit stating that a decision has to be taken by the Cabinet in the matter and they have not yet proceeded in those directions. With regard to the expansion of runway in Madurai Airport, it is stated that there is a proposal for expansion of the runway and it is feasible only if the State Government acquire lands. The learned Assistant Solicitor General of India submitted that the State Government is required to realign the State Highway, which will be affected if the expansion is taken. With regard to permanent plant quarantine facility and cold storage are concerned, the first and foremost step to be taken is expansion of runway and if the runway is expanded as wide, it will be able to handle larger aircraft and heavier traffic. Once this is implemented, the next step that can be taken to declare the Madurai Airport as an International Airport and once it is declared as an International Airport, then the plant quarantine facility will be adequate.

4. Mr. R. Hemalatha, learned counsel for the petitioner in these Writ Petitions would submit that insofar as the cold storage facility

*W.P.(MD)Nos.8960, 8961 and 8964 of 2021*

and permanent plant quarantine facility are concerned, it has nothing to do with the status of the International Airport, but it has to be done taking into consideration the volume of the export, which has not been able to made through Madurai Airport due to lack of cold storage and plant quarantine facility in the Madurai Airport.

5.The airport has filed a counter affidavit stating that two numbers of Cold Storage facility (Walk-in-type) with a capacity of 5 tons has been set up in Madurai Airport in 2019 to facilitate export as 90% of the cargo exporting from Madurai, is perishable in nature. Further, it is stated that the present capacity of cold storage facility is sufficient to cater the current volume of cargo handled by the Madurai Airport.

6.So for as the Plant Quarantine Officer is concerned, the learned counsel for the petitioner is right that on the earlier occasion, there was one Assistant Plant Protection Officer. As could be seen from the counter affidavit filed by the Airport Director, a Plant Protection Officer has been posted in the Madurai Airport and initially two officers were appointed on deputation basis and one Assistant Plant Protection Officer has been posted in December,

*W.P.(MD)Nos.8960, 8961 and 8964 of 2021*

2020 exclusively for Madurai Airport as a result of various letters sent by the Airports Authority of India.

7.The grievance of the petitioner is that the officer, who is posted in Madurai should be the certifying authority and if the Assistant Plant Protection Officer does not have certifying power, there is no use of posting such an officer. It is not clear in the counter affidavit as to whether the Assistant Plant Protection Officer is a certifying authority or not, if he is not a certifying authority, then the concerned department should examine whether such power can be delegated to the said officer holding the post, who can certify cargo, needs to be posted. Otherwise, the cargo may be kept in cold storage for more number of days than necessary.

8.Insofar as, land acquisition is concerned, we hope and wish the State Government takes appropriate steps in the said direction for acquisition of land. We can take judicial notice of the fact from the news report that an Hon'ble Minister of Tamil Nadu held talks discussing about the expansion of the Madurai Airport and aspects like land acquisition etc. If adequate steps are taken in this direction, there is nothing impossible to achieve.

*W.P.(MD)Nos.8960, 8961 and 8964 of 2021*

9.The present litigation should not be considered as an adversarial litigation as it has been filed by the Tamil Nadu Chambers of Commerce and Industry and its members are corporate, who provide employment and support the economy. Therefore, their voice should be heard by the appropriate respondents.

10.These Writ Petitions are disposed of accordingly. No costs.
