For the Petitioner : Mr P. Yobin, Amicus Curiae

For the Respondents : Mr N.D. Chullai, AAG with

Ms R. Colney, GA

Dr N. Mozika, DSG with

Ms K. Gurung, Adv.

The Airports Authority reports that at the initiative of the State and in conjunction with the Union Ministry of Civil Aviation, a sophisticated survey of the area around Umroi Airport is proposed to be conducted to ascertain the extent to which the existing facilities can be extended and whether it may at all be feasible for wider-bodied aircraft than ATR and Bombardiers to operate from the airport.

According to AAI, the LiDAR (light detection and ranging) survey will, probably, have to be outsourced and the AAI is taking appropriate steps in such regard.

Since this is a positive development and the State has made its intention clear, not only for one or more bigger airports, but also to be able to have an international airport within the State, it is hoped that all concerned explore the possibilities to ensure that with the latest technology an airport befitting the State, with international connections, may be available in Meghalaya. Apart from anything else, the colossal loss occasioned to the nation for the travel between Guwahati and Shillong, may be cut down if a bigger airport is available closer to Shillong.

Let the matter appear 10 weeks hence for the parties to report on the progress.

List on October 20, 2023.
