

Ref. No. ....1740.....

Dated .23.06.2023..

To,

The President & Hony' Secretary  
High Court Bar Association

The President & Hony' Secretary  
High Court Senior Advocates Bar Association

**Subject: Seeking your valuable assistance in requesting senior advocates/seniors in practice willing to volunteer for training young lawyers at Law Auditorium.**

Dear Sir's,

Hope this finds you well. I'm sure you all must have had some much-needed time off for yourself and family in the summer vacations.

State Bar Council has resolved to train junior lawyers, new entrants and young lawyers with an aim to help them gain clarity in their initial years of practice. As a pilot, the Council is set to begin a lecture series starting from 04.07.2023 to 15.07.2023 (except Sunday) with 35mins lectures from senior advocates/seniors in practice. Seniors in the profession have the right experience and expertise, and with their help and guidance a more competent second line of lawyers can be groomed. The Council feels that such an exercise would deeply benefit lawyers who earnestly seek such mentorship.

As representatives of the Bar, I request for your kind indulgence in publicising this letter on Bar forums and calling for interests (as best suited to one's availability), from senior advocates/seniors in practice who can devote one hour of their time on any of these given dates (in between 03:00 to 05:00 PM) to deliver a 35min lecture on any one of the following specified subjects: -

1. Court-craft and Court etiquettes,
2. Drafting, Pleadings & Filing with Registry,
3. Litigation simplified,
4. Basics of any one specific area of legal practice

The Council shall be thankful to all volunteers. Volunteering lawyers can either contact us through your good offices or get in touch directly with the undersigned. Early expressions of interest would help us to organise better. The Council reserves the right to confirm. The lectures shall be conducted at Law Auditorium, Law Bhawan Sector 37 Chandigarh.

Thanking you,

Warmly,

(Suvir Sidhu)
